Dedicated and compassionate Registered Nurse (RN) specializing in telemetry, medical-surgical and emergency health care. Proficient in all aspects of patient care with success in working with multidisciplinary teams to create care plans focused on helping patients recover from medical or surgical procedures. Proven ability to remain calm under pressure and skillfully handle difficult patients and high-stress situations. Consistently developing strong relationships with patients and families through empathetic communication, respectful attitude and excellent customer service.

Skills

- Patient evaluation and strong clinical judgment
- Reading and interpreting EKG's
- Managing deadlines
- Charting and clinical documentation
- Emergency procedures
- Caring and professional bedside manner
- Foley catheter, NG tube, and IV insertion among other necessary skills

Work History

2018-06 - Current RN

Navarro Regional Hospital, Corsicana, TX

- Worked primarily on a Med-surg telemetry unit. Monitored patient condition, including interpreting and tracking EKG readings, identifying irregular telemetry readings and updating team members on changes in stability or acuity.
- Delivered outstanding care to patients of all ages, including pediatrics, with various diagnoses and managed care from treatment initiation through to completion.
- Participated in Reduction of Environmental Noise committee, meeting monthly to discuss policies, propose revisions and implement changes.
- Crossed trained in the ED, sharpening many nurse skills, performing in several code situations, and providing care to critically ill patients.
- Quickly responded to situations impacting safety and security to unit, actualizing crisis prevention interventions to control and de-escalate situations.
- Facilitated therapeutic communication, conflict resolution and crisis intervention by redirecting negative behaviors and helping patients regain or improve coping abilities to prevent further disability.

Education
