

GEORGIA RACHELLE LEWIS RN

913 US Hwy 80 Mesquite Texas Apt 4107
4173655087 • GeorgiaRLewis@outlook.com

PROFESSIONAL PROFILE

Highly skilled Registered Nurse with 10 years of total experience working in LTC, Acute and Critical care intimately familiar with emergency care. RN Clinical Supervisor Able to perform under urgent and high-stress conditions. An excellent team player who has received glowing reviews from past employers and colleagues. Possess all valid credentials to immediately begin contributing to a hospital, urgent care, or Long term care facility.

SKILLS

Nursing

- Familiar with major equipment found in emergency care units, including monitors, ventilators, and patient record systems, receiving continual training on new models and devices.
- Highly experienced in setting up invasive procedures, such as catheterization, colostomy and tracheotomy devices, IV's, blood-work, and feeding tubes.
- Trained in patient stabilization techniques, and possess active certifications in BLS and ACLS.
- Through extensive experience in multiple specialties, can accurately assess patients' needs and take appropriate action to ensure patient safety and comfort.

Interpersonal Skills

- Extensive experience working in team environments, and collaborating with physicians, triage staff, and additional hospital departments.
- Excellent bedside manner with patients and families. Often relied on to receive patients' family members and provide updates on patients' condition and treatment.

Professionalism

- Attentive to detail, with an excellent record for accurately documenting patient charts and treatment plans.
- Intimately familiar with HIPAA policies and have strictly complied with patient privacy guidelines throughout career.
- Accustomed to the high-stress environment of an emergency room, and experienced in remaining calm and composed when interacting with patients and colleagues.
- Knowledgeable of RAI, MDS, CMS, Briggs, QAPI, Casper, Primaris Tracking, EMR

MANAGEMENT EXPERIENCE

Effectively manage staff in 149 bed Long Term Memory care facility.

Recognized for Retention and recruitment program.

Integrates behavior standards and AIDET fundamentals of service into all work activities.

Coordinates care with interdisciplinary team members and ancillary services.

Easily collaborates with nursing staff.

Responsible for delegating tasks to RN's to stay on top of patient care.
